ALL IN ONE SOLUTION FOR WALL-HUNG TOILETS

Transform your bathroom into a modern hygienic oasis by upgrading to a wall-hung toilet. The space appears larger when the floor area is clear and it is easier to clean underneath and around. With GROHE Solido+ all components are included and perfectly matching. Discover various combinations of ceramics and flush plates and choose the features that suit your needs.

BENEFITS AT A GLANCE

GROHE Solido+ is equipped with advanced technology. The steel frame holds loads of up to 400 kg and the concealed cistern enables quiet toilet flushing. Select a flush volume of either 6 or 3 litres to reduce water consumption. The included rigid foam cladding has pre-drilled cut outs to avoid wrong measurements. Discover more features below:

APPLICABLE FOR MULTI PURPOSES

Solido+ can be used for new build, complete and soft renovation. It is suitable for floor-drain with centered distance of 60-145 mm (no opening of the floor necessary) and wall-drain with centered distance of 230 mm.

CHOOSE YOUR STYLE

Personalize the pre-wall cladding to suit your bathrooms' style. It's compatible with tiles, paint or wallpaper of your choice. Depending on the end finish, the rigid foam plates need to be prepared accordingly.

The Urban Jungle Look – A GREEN OASIS

Bring the beauty of the outdoors into your home with the Urban Jungle design trend. Choose Solido+ with Euro ceramic for a simple yet modern look. The unfussy shape of the toilet bowl combined with natural materials like wood creates a vibrant appearance. Thanks to the toilets rimless design it is easy to keep it clean - inside and underneath. Plants and colorful accents give your bathroom that special something. For example choose an eye-catching wall-paper for the cladding which matches with your furniture to express your style.
